

PREFACE

In collaboration with
 ADELAIDE CEMETERIES AUTHORITY

With rise in the Muslim population around South Australia, there is a growing need for an Islamic cemetery to cater for this demand.

In partnership with Adelaide Cemeteries Authority (ACA), the Islamic Society of South Australia (ISSA) is building a new Muslim Burial Section within Smithfield Memorial Park, 55 Smith Road, EvanstonSouth, SA 5116.

SA Muslim's community changing population demographics brought the need for more burial lots for our future generations. Hence, ISSA is working collectively with ACA to build affordable plots to help ease the funeral strains within our community.

We will also establish a full suite of funeral services to ease the financial strain of our community when burying their loved ones.

It is estimated that this project will cost approximately \$8-million dollars which will include a burial site for a potential of 1,000 burial plots along with a prayer room, washroom facilities, service centre, offices, amenities, kitchen, and on-site carpark.
