

15<sup>th</sup> October 9, 2023

Dear Brothers and Sisters,

Assalamo Alaikom Wa Rahmatou ALLAHi Wa Barakatehu

In light of the rapidly evolving situation in GAZA, the Islamic Society of South Australia has taken the decision to participate in today's rally at the Parliament House at 2pm. We urge you to join us in large numbers.

While we are not the organizers of this rally, we commit to assisting as volunteers to ensure the safety and security of all. We kindly request both organisers and attendees to remain focused on the main objectives of this rally:

- This rally stands in support of our Brothers and Sisters in Palestine, particularly those in GAZA, who are facing an unjust war.
- We aim to convey a message to our federal government that their support for the Israeli actions, resulting in the loss of innocent lives including children and women, is a grave mistake and an affront to humanity.
- As responsible citizens, we must abide by the law and discourage any actions that may undermine the core message we wish to communicate.
- Please note that SAPOL will closely monitor this protest to ensure security. Let us maintain a friendly and cooperative attitude towards them.
- The media will extensively cover this protest. We must be cautious, as they tend to emphasise negative actions. Let us not provide them with any opportunity to overshadow our important message.
- To our dear youth, we understand your emotions and concerns. Channel these emotions effectively to convey a powerful and clear message and avoid any kind of hate speech.

your participation is aimed at aiding our brothers and sisters in Gaza and urging the government to act decisively to halt the ongoing war.

Let us unite for a cause that transcends boundaries and stands for justice and peace.

In solidarity,

ISSA Management
