

No matter What - COVID Warriors

By - Teesha Soni

No matter what day,
No matter your pay,
Everyday,
You save lives,

No matter day or night,
You are always by people's side,
And that's why we are thankful that you are here,

No matter the distance,
You make sure we get assistance,
You too may have personal struggles,
But you strongly face them with no trouble,

No matter if on some days you are not energetic,
You are always very empathetic,
When people are feeling distressed,
You always make sure they are not depressed,

No matter if it's pandemic or epidemic,
You dedicate your entire life in saving lives,
You are a true gem in god's eyes,
Grateful and humble we are to see your dedication,
You are truly gods wonderful creation,

No matter what happens,
With you, our hearts will never sadden,
There are no more words left to say further,
Other than a "Thank you" for your sacrifice and dedication like no other.
