

Restricted Life!

By Alisha Mumtaz

I can't go to school today?

Says everyone around me today

The teachers reach us by video; teaching us what we should know

The virus is getting worse; this feels like a curse

Mum says its ok to get the grumps

Staying at home will cause some bumps

Travelling has become a thing of the past

I wish I had made it last

I wish I could go outside to play

But covid 19 has ruined my life from 2019 until today

We've been in lockdown for a while

It's getting hard to smile

At the end of football instead of snacks we get reusable masks

We've gotten some tough luck

I know this lockdown sucks

But if we pass a smile

Mabey we can make people happy for a short while

My friends miss me

I knew they would be

But I guess this isn't the worst thing ever

At least I don't have a fever

When the government said the lockdown was going to be over soon my heart was running to the moon

I was so happy; Until my mum made me snappy

She said I have to wear a mask to class

Maybe I don't want to go to school If I am going to look like a fool

To stop the spread of covid 19 we humas have to work as a team

Can somebody make a vaccine to stop the spread of covid 19?

I hope we humans can pray for a day where we can play make friends and enjoy

I know that is a long time away

But we can do it; We will get through it
