

Trapped Inside!

By Zara Mumtaz

It gets worse and worse with each passing day
but there will come a time where we'll all have to pay
for the crimes we committed and the bad words we say.

Covid-19 has snatched so many lives
of brothers, sisters,
husbands and wives.

Covid is traveling through continents,
counties, cities and more
while it has trapped us inside our homes
being trapped inside is so boring now,
it feels like a chore.

We can no longer travel by train, taxi or bus
It's like a punishment from hell to us

The parks are all empty
There is nothing to see
We can't go places
all we can do
is keep calm and try to keep
a smile on our faces

We are all very different
and it's not hard to see
but when it comes to teamwork
diversity is key

Our world isn't perfect
and it's not that clean
so, we humans must work as a team
by being careful staying safe
and working together
we can stop the spread of covid-19
