 events@islamicsocietysa.org.au

ABOUT THE EVENT

The Islamic Society of South Australia (ISSA) is excited to warmly invite your esteemed organization to join us as a key sponsor of the biggest sporting event ever organized for the Culturally and Linguistically Diverse community in Adelaide - **YouConnect - Aspire to Inspire.**

This event is not just about sports; it's a platform where we aim to initiate crucial conversations surrounding Youth Mental Health. While there is a focus on youth mental health for the event and particularly the connection to activities and services post event that support young people's wellbeing, it is recognised that supporting the families of young people will overall support them as well. So it is an opportunity to promote all of the services and activities that occur across the northern community that support residents to connect and thrive.

We are proud to have garnered collaboration from prominent sporting clubs like **SANFL, South Australian Cricket Association (SACA), and Port Adelaide Football Club**, alongside valuable service providers such as **Australian Refugee Association, Morella Community Centre, and City of Salisbury** - all of whom are committed to addressing youth mental health concerns.
